The Golden Hearth Restaurant

New billing software: please choose a design

There are two designs. Both work exactly the same;
only the look and the layout are different.

Design 1: Green & Gold

- Menu buttons on the left side, elegant serif lettering
- Dish categories as buttons above the dishes

Design 2: Navy & Gold

- Menu buttons along the top, a clean modern look
- Dish categories as a list on the left, bigger buttons
- The bill looks like a paper receipt, total always visible

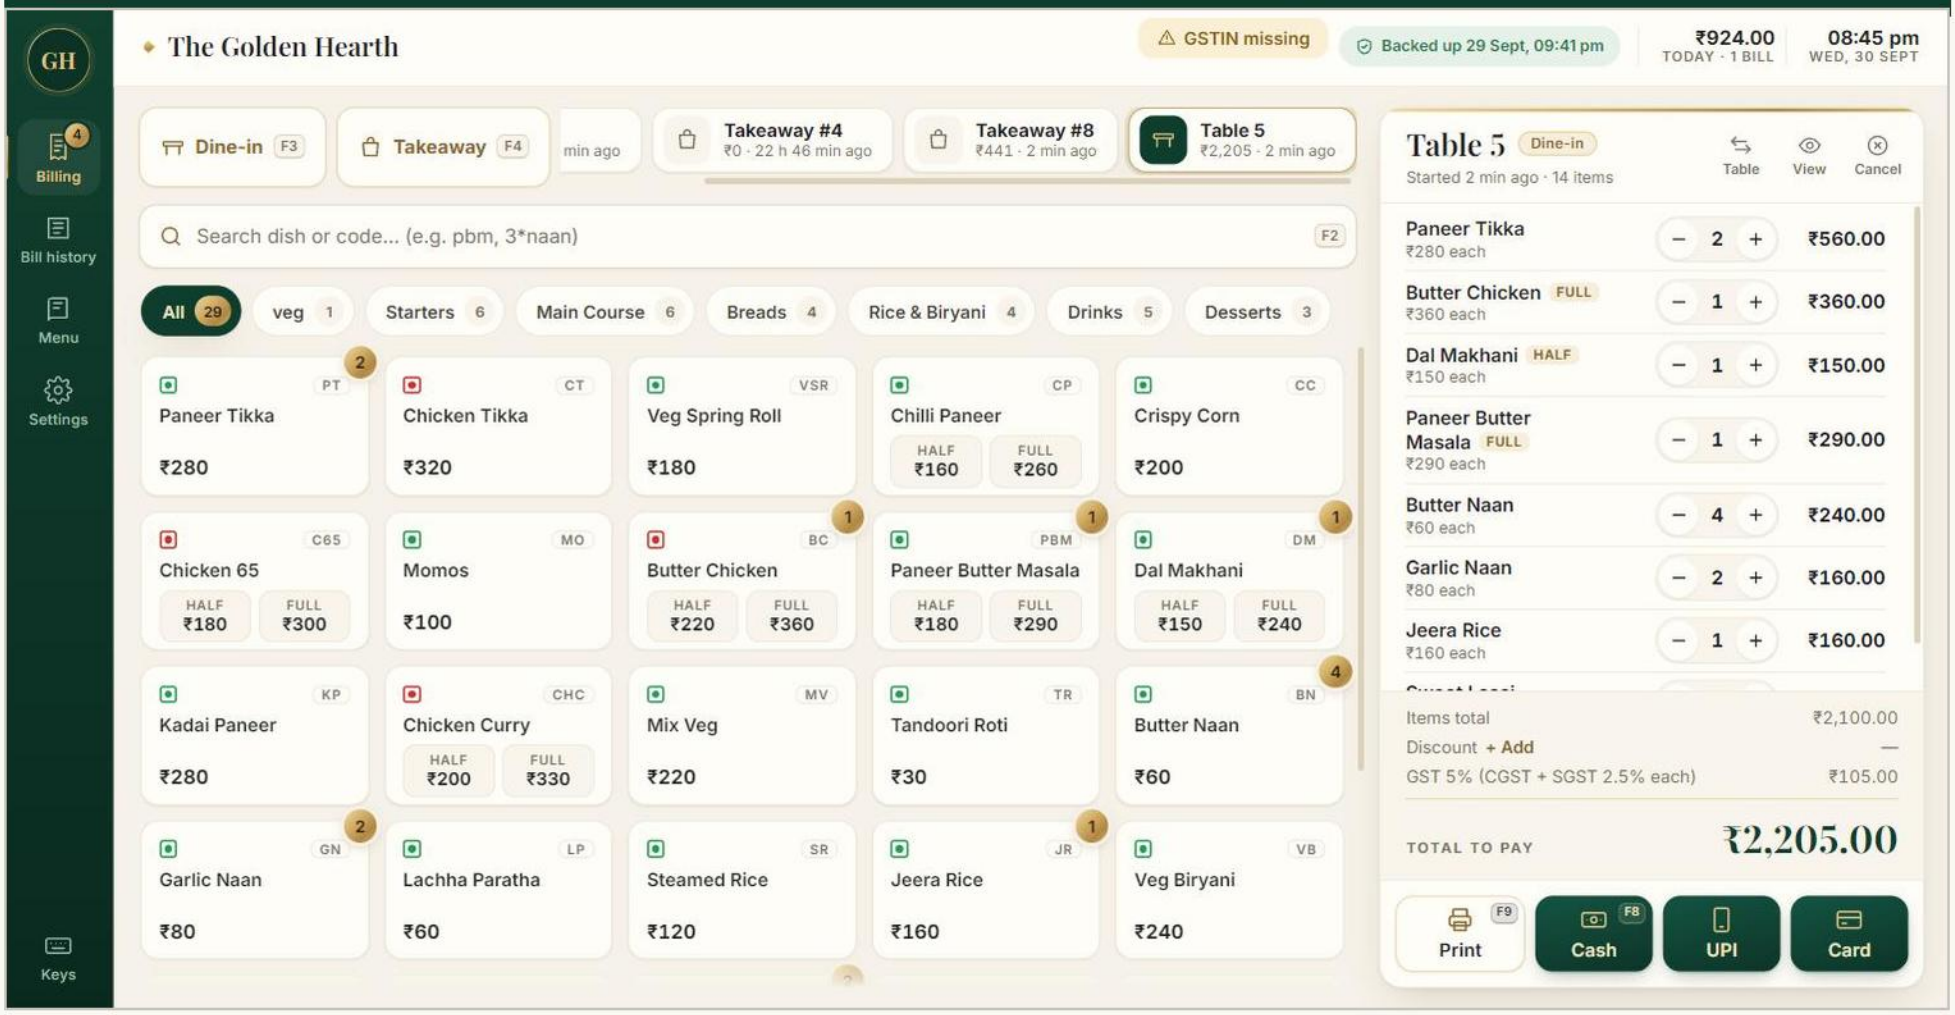

Please tell us:

1. Which design do you like more: 1 or 2?
2. Which colours do you like? (Each design also has a night mode.)
3. Anything that looks confusing or that you would change?
